

WE HAVE AN EXCITING OPPORTUNITY FOR A STRUCTURAL ASSOCIATE ENGINEER

CANNON IS NO ORDINARY ENGINEERING CONSULTING FIRM.

COME BE PART OF AN ESTABLISHED & GROWING FIRM!

CANNON'S CULTURE provides exciting opportunities for professional growth and outlets for team building. We strive to provide opportunity for personal growth and a balance between personal and professional life. Not only do we work together, but we also enjoy spending time together outside of work. We work hard. We play hard. We have fun.

SINCE 1976, we have provided creative solutions to clients in the energy industry, water resources, public infrastructure, and commercial and residential development. With offices on the West Coast, we continue to grow!

WE ARE CURRENTLY SEEKING a **Structural Associate Engineer** for our **Issaquah, Washington** office. Issaquah, only 17 miles east of Seattle, offers beautiful mountain views and outdoor recreational activities. This is a charming city with many parks, a historic downtown, restaurants, and coffee shops. With highly rated public schools and small-town character, Issaquah is ideal for many to call home.
